

Academic Early Alert System

Team Members

- ❖ Aditya Jain
- ❖ Juhi Tandon
- ❖ Karan Aggarwal
- ❖ Raveesh Motlani

Project Mentors:

- ❖ Kamal Karlapalem
- ❖ Dr. Raghu Reddy
- ❖ Appaji
- ❖ Pushyami Rachapudi
(TA Mentor)

Client:

- ❖ IIT-H Academic Office

End Users of the System:

- ❖ Faculty
- ❖ Program Coordinator
- ❖ Dean
- ❖ Student

Brief Problem Statement

- To create a web-based portal which will allow faculty and other academic authorities to issue an early alert to a student.
- Inform guardians and program coordinator of the student over his/her deteriorating performance.

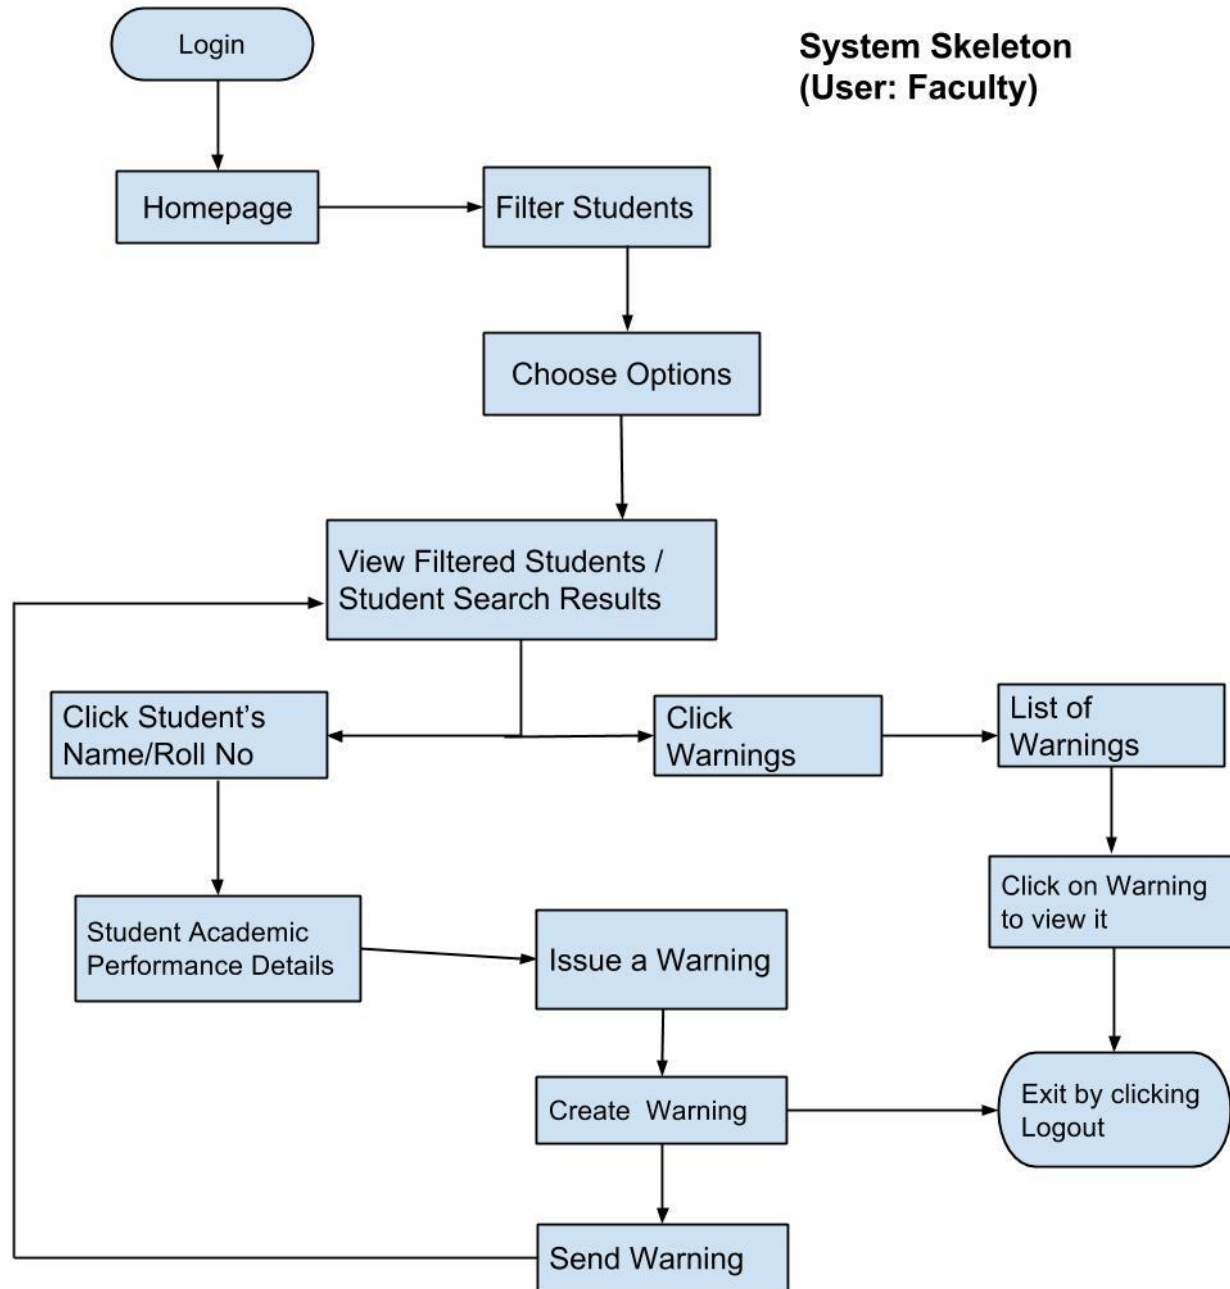

Technologies Used

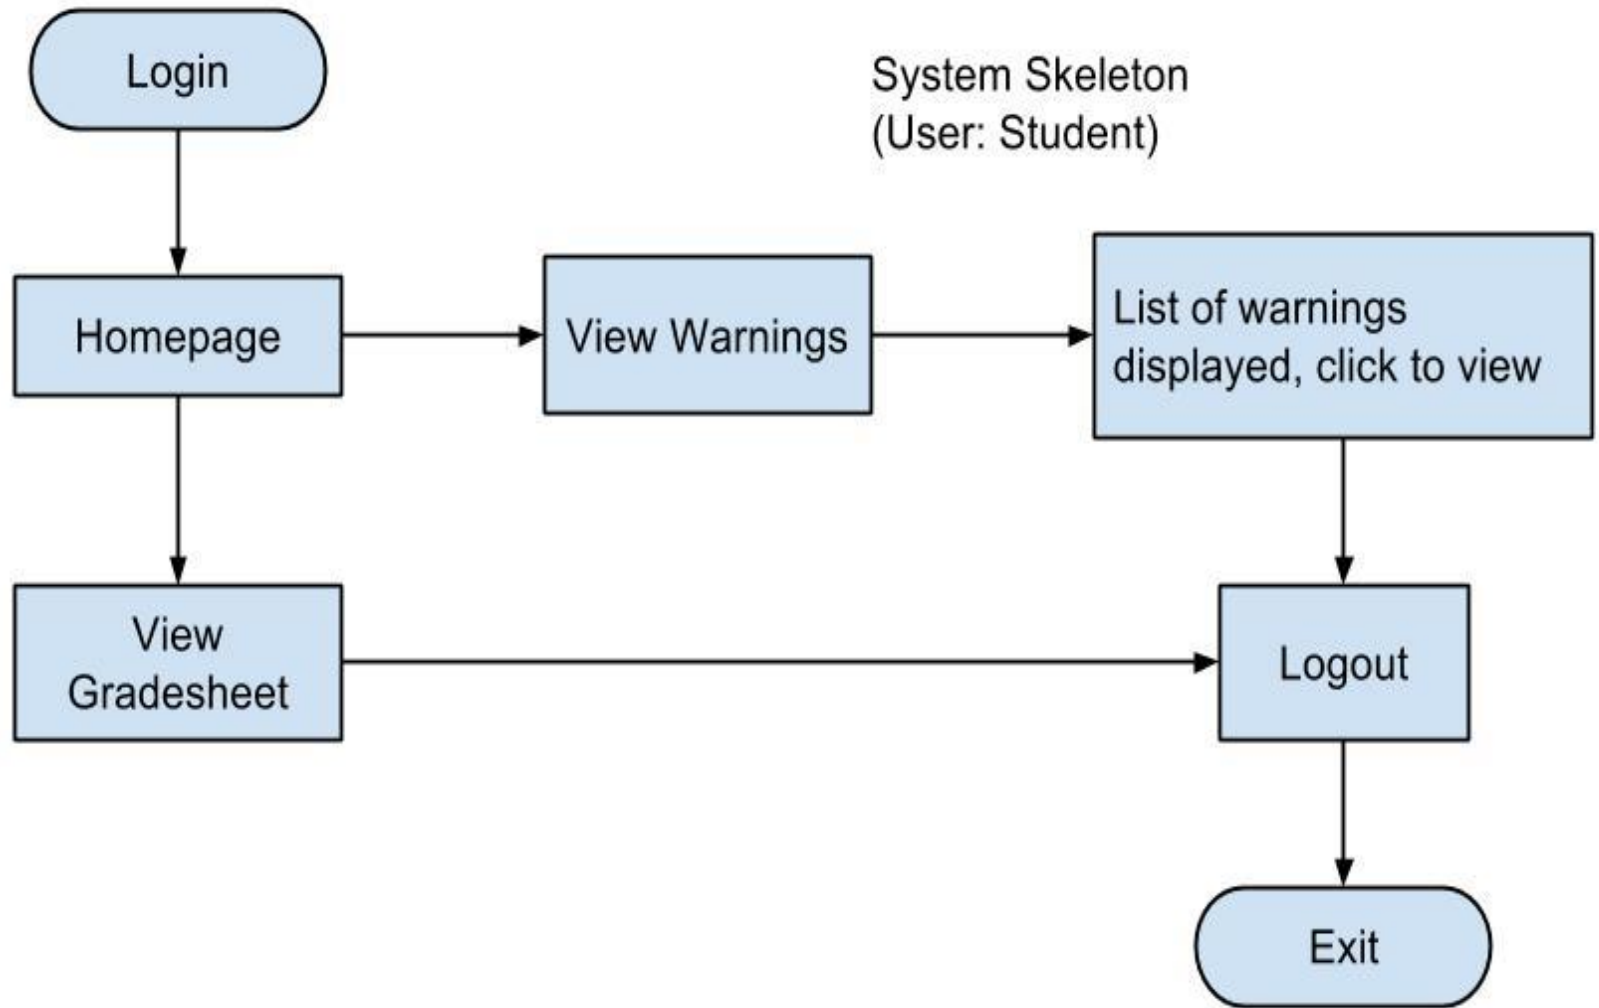

WEB2PY

<HTML>

**System Skeleton
(User: Faculty)**

Demonstration

Functionalities Demonstrated in Release 1 :

- CAS Login
 - Faculty Interface
 - Student Interface
- Filter Students
- Generate Student Academic Performance
- Issue A Warning

Functionalities to be shown in R2:

- Dean's Interface
- Admin Interface
- Program Coordinator Interface
- Conversation Logs

Thank You!
